

PUPPY'S RULE OF TWELVE

A puppy is most willing to try new things before she reaches the age of five (5) months. The Puppy's Rule of Twelve is handy guideline for puppy owners to ensure that a puppy is exposed to a variety of things during this critical time-period. It is very important to ensure all experiences are positive – so be ready to reward your puppy with lots of super, yummy treats and praise. If your puppy is scared or frightened of something slow down, decrease distance or intensity and reassure her.

By the time your puppy is five (5) months old, your puppy should have:
