No-Sew Fleece Kitty Cozies

Supplies

- 🐾 Sharp scissors
- 🐾 3x3 inch piece of cardboard (template)
- 🐾 Two pieces of anti-pill fleece fabric, 2x2 feet

Instructions

1. Begin by aligning the corners of the two pieces of fleece as much as possible (trim any excess).
2. Next, place your 3x3-inch cardboard template at one of the corners and cut out the corner of the fabric. Repeat this on the remaining three corners.
3. Then cut strips, about one inch apart in the fabric and 3 inches long, beginning at one corner along the side of the blanket until you reach the next corner. Continue this step on the remaining three sides. (Do not cut the strips longer than your cardboard template cut out.)
4. Go back to the first strip and tie a double knot using the two pieces of fabric by placing the top strip over the bottom strip to make the first knot. Finish the knot by using the bottom strip on the top to make the knot. This is important when using two different colors of fabric to ensure the bottom color ends up visible against the alternate color.

Shoe Box Collection

Our feline friends love having a cozy place to hang out while spending time in their kennels. [Shoe boxes](#) provide our kit cats with a much needed sense of security and reduce their stress level. You can help our cats by collecting shoe boxes in your community. A great place to start would be asking your friends, family members and even local shoe retailers who might have extra boxes to spare. We have cats of all sizes that need boxes to match. You can even decorate the boxes. All the kitties request is that you have your parent help you remove the lids of the boxes so the cats can curl up with ease.

Fundraiser Ideas

- 🐾 **Bake Sale** - One of the most popular ideas for school fundraisers is, of course, having a bake sale. Everybody loves a sweet treat and it's even better when the proceeds go towards helping a great cause. Ask families to bring in a homemade goodie of their choice. You can use Punchbowl to set up your bake sale and take advantage of the great Potluck planning tool. Participants can sign up to bring a certain item and the organizers will easily be able to keep track of the variety and quantity of items that will be available for sale.
- 🐾 **Car Wash** - Organize a bubbly car wash. Ask a local bank or university to donate their parking lot, access to water, and hoses. Post ads all over town and in your local paper, and spread the word to corporations in the area to ask for donations to buy car washing supplies. The kids will love getting wet and wild!
- 🐾 **Penny Drive** - Ask the students to bring in spare change from their house, the student who brings in the most change will receive a prize.
- 🐾 **Art Show** - Hosting an art show is the perfect choice if you are looking for unique PTA fundraising ideas. Invite students as well as local artists to contribute pieces for the show. It's a win-win situation: students get to display their art for parents, while local artists get exhibit space and free publicity. A portion of the sales from the art show can go to the school.
- 🐾 **50/50 Raffle** - If you don't have the time to plan a separate fundraiser, consider having a 50/50 raffle during scheduled school events such as sports games. A 50/50 raffle simply means selling tickets and then splitting the sales proceeds equally between the winning ticket holder and the organization. For example, if you sell \$100 worth of raffle tickets, the lucky number holder would get \$50 and the school would keep the other \$50. It's a simple way to collect funds with nearly no start-up expense (just the cost of the tickets) and can be repeated as an ongoing event over the school year.
